

HA RETENTION RATE

DID YOU KNOW?

As you grow older, your body produces less and less HA which is possibly the most important component in keeping you young.

Around age 50, it's estimated that we can have as little as **50% less** HA in our skin than we did in our 20s. Put simply, without enough HA, we look and feel old.

Hyaluronic Acid can retain up to **1,000 times its weight in water**. It is found in almost every part of the body. As we age our bodies start to dry, and supplementing with premium HA may replenish the body's need for hydration. Think of Hyaluronic Acid as your internal lubricant. Without it you begin to experience joint, skin, hair, eye, and overall aging concerns.

HYALOGIC

The first in the industry.

Hyalogic was the first to create a full line of supplements and skin care products using High Molecular Weight Hyaluronic Acid. Our products help to hydrate and support joints, hair, skin, eyes, and bones with Hyaluronic Acid, nature's hydrator. Hyaluronic Acid is found throughout our bodies' connective tissues (tendons, ligaments, skin, and extra cellular matrix).

Our bodies need hydration to function well. In fact, we must have it to survive. Without it, we can't perform at desired levels. In extreme cases, a lack of hydration can put our lives at risk. If we don't have sufficient hydration, sleep suffers, concentration wanes, joints experience discomfort, and cells don't function optimally. Skin dries, hair can become brittle, and our immune systems become pressured.

5 WAYS YOU CAN HYDRATE YOUR BODY WITH HA

Whole Body Support

When speaking of hydration, we typically think about quenching our thirst. But full-body hydration means so much more—including supporting your critical physical structures and organs that require plentiful hydration to function at their best. Your joints, eyes, skin, hair, scalp, and gums all require sufficient levels of moisture to do their jobs properly.

hyalogic™

PROFESSIONAL SERIES

IT'S ALL ABOUT
LUBRICATION
& HYDRATION

with Hyaluronic Acid

ACCORDING TO SCIENCE

According to science, purified, High Molecular Weight, non-animal (vegan) HA is equivalent to what is naturally found in the body. This type of HA is derived from an extracellular protein during a natural fermentation process and provides powerful anti-aging and lubricating properties.

THE LEADER IN HYALURONIC ACID

Science of Hydration

Exclusive Hyalogic™ Professional Series of Premium Hyaluronic Acid Products

Looking for lubrication and hydration? Hyalogic is the brand for you. Our products are built upon meticulous science, which is why our customers write and call so often to tell about how Hyalogic products helped improved their quality of life.

Hyalogic, the leader in the science of hydration, is the pioneer of Hyaluronic Acid (HA) products. HA is a key ingredient in all our products because this amazing molecule binds up to 1000 times its weight in water, bringing hydration to all parts of our bodies. HA is found naturally in the body, lubricating joints, supporting healthy hair, skin, nails, gums, and eyes.*

As we age, the body’s ability to produce HA lessens. Hyalogic products offer targeted hydration and support with an exceptional skin care line and health supporting supplements.*

HYALOCK™

Hyalogic® products go through our extensive 5-step **Hyalock™** process to ensure a high quality product:

- 1 Non-Animal Derived, Vegan Friendly, HA
- 2 Ingredient Compatibility Testing
- 3 Preservative Compatibility Testing
- 4 Product Quality Control Testing
- 5 Finished Product Analysis

PUT A LOCK ON QUALITY

Joints, Skin & Eyes

Benefits:

- Flexible joints
- Healthy skin & collagen
- Whole body hydration

Joints, Skin & Eyes Hyaluronic Acid Liquid

Aids your joints in maintaining their healthy and fluid motion. Hyaluronic Acid supplements the synovial fluid within the joint to help maintain its healthy cushioning properties.

Ingredients: Normal Saline, Hyaluronic Acid, Zinc Citrate

Joints, Skin & Eyes

Benefits:

- Flexible joints
- Healthy skin & collagen
- Whole body hydration

Joint, Skin & Eyes HA+ MSM+NAG+GSE Capsule

Our vegan friendly delayed release capsule contains MSM, NAG and Grapeseed Extract known individually to help maintain proper HA levels throughout the body.

Ingredients: Grape Seed Extract, MSM (Methyl Sulfonyl Methane), NAG (N-Acetyl Glucosamine), Hyaluronic Acid, Microcrystalline Cellulose, L-Leucine

Dry Mouth

Benefits:

- Moisturizes dry mouth
- Promotes oral comfort
- Enhances salivary function

Dry Mouth HA+Xylitol+ Slippery Elm+ Crandberry Lozenge

Helps moisten a dry mouth with natural moisturizers and oral health support that comes from this totally unique breath-freshening mint.

Ingredients: Xylitol, "Natures Moisturizer Blend" (Hyaluronic Acid, Pectin, Slippery Elm Bark, Cranberry Extract), Natural Peppermint, Spearmint Flavor, Vegetable Magnesium Stearate, Citric Acid, Sodium Bicarbonate, Stevia

Collagen Peptides

Benefits:

- Hydrolyzed to increase absorption & benefits
- Enhances collagen & elastin
- Healthy joints, bones, skin and nails

Collagen Peptides HA+Zinc+Copper+ Vitamins B6, B12 & C

Keep your body healthy by adding our unflavored HA Collagen Peptide Powder to your favorite hot or cool liquid.

Ingredients: Hydrolyzed Collagen Powder Type 1 & 3, Vitamin C, Hyaluronic Acid, Zinc, Vitamin B6, Copper, Vitamin B12

Hair & Scalp Spray

Benefits:

- Safe for thinning hair
- Safe for color treated hair
- Can be used prior to styling

HA Biotin Hair & Scalp Spray

Hydrates the scalp and promotes the appearance of thicker, fuller-looking hair with Hyaluronic Acid and Biotin.

Ingredients: Water, Sodium Hyaluronate (Hyaluronic Acid), Biotin, Zinc Citrate

“As we age, we lose our ability to make High Molecular Weight Hyaluronic Acid. Therefore, it is critical to supplement it with High Molecular Weight HA taken on a daily basis.”

Dr. Karen Brown
Scientific Consultant
